What's new:**Development Story**

In the Epic Fantasy genre, the atmosphere of the story has a tendency to be distorted by the ubiquitous combo-like battle system. The 'Story of' of Ari the Oathbreaker (as well as other games in the 'Oathbreaker' series, like MyCite, DQIII, and SSF2) is a refreshing change of pace.

The main character, Ari, instead of being an archetypal dorky epic hero who wins the day with combos, shows off his veritable skills and behaviors of a maladjusted, genius college student. When a naive girl disturbs him, seeing as he hasn't slept for six days and has fallen asleep in class, his antics alone reveal his charming personality--even in his drowiness! Through these and other events that are not related to combat in a conventional way, Ari and the other heroes form a close-knit group that leads them on a journey into an extraordinary fantasy world that no one knew existed.

Quite early in the game, the 'Story of' begins to change, but in a more comfortable and accessible way. Progress slowly through the story, and once you enter the more gripping final dungeon, you will feel complete in your self-fulfillment. However, while the main story line in the game has 'a climax with a happy ending', other parts such as side story and recruitment story line have a sad ending. With this, we hope to create a deep experience where the sense of completion grows stronger as the story unfolds and the drama continues.

Characters:

- BASTON (voiced by Kenji Nojima) is a "Dream Master"; he is an immortal druid who controls the Land Between the Waves. He initially appears as an ordinary bystander. Beginning at the start of the game, he will come to the protagonist's aid in several scenes.

Rival Middleweight's Josesito Lopez and Esteban López fought in December as part of a 10-bout card held by the Presidency of Boxing in San José, Costa Rica. Both 13-2 (7 KOs) fighters dominated their opponents throughout the fight and won via unanimous decision. A fight between Luis "Tough" Santa Cruz and Julio "El Matador" Angulo was added to the card. Luis suffered a routine cut on his right eyelid and he was taken to his dressing room for immediate medical attention, further delaying the fight. A backup bout was held between Angulo and Carlos Aguilar. The fight was won by Carlos who earned himself the opportunity to fight Santa Cruz on September 14. The card also held Josesito Lopez vs Esteban López
