the team matches are individual-based events, with two teams competing against each other on a single table. the events are played over a series of rounds or "games," with each team facing off against the other once each. games are single-elimination and have a single-game-only loser determination. the winner of each game advances to the next, and the losers are out of the tournament. there are nine events per season (plus one "season qualifier"), and the playoffs are held the following season. max payne 2: the fall of max payne comes with a new gameplay feature called "aiming combat." the feature allows the player to turn the focus of

the game's aiming down from the gunplay to the more realistic interaction of hitting the enemy with bullets. this can be used to complement the gunplay, or it can be used on its own as a new style of gameplay. max payne 2: the fall of max payne will be playable in both single-player and multiplayer modes. there are two different game modes. "arcade mode" is a three-level mission-based campaign, while "co-op mode" is a two-player cooperative experience. the campaign will be saved so you can start over at any time. max payne 2: the fall of max payne is set in new york city. the setting is a gritty, urban, and tragic place where a cop's wife is killed by a crazed drug dealer, an ex-convict is released from prison, and a hit man is shot for disrespecting his master. most of the critics say that the game is too short and has also very limited options in terms of the gameplay. but the game does not feel short. it has a long storyline, which is well-paced and worth reading. but there are a few flaws in the story. there are certain point where you have to think for yourself. there is no help button,

which you can press to get help. but you are not given any hint about the story line.
